PROFESSIONAL EXPERIENCE

TNQ Tech, Coimbatore | December 2021 – Present

Promoted from Operation Executive to Senior Operation Executive in recognition of consistent KPI performance and process leadership.

Senior Operation Executive | March 2025 – Present

- Build and maintain project reports, performance dashboards, and automated MIS pipelines in advanced Excel, improving reporting turnaround and data accuracy.
 - Partner with distributed teams and technical delivery centres to resolve data inconsistencies and maintain cross-functional alignment across concurrent workstreams.
 - Track resource allocation, utilization, and budgeting data across internal platforms to support capacity planning and cost control.
 - Apply PMO best practices and root-cause analysis to eliminate operational bottlenecks and lift workflow efficiency.
- Impact:** Consistently surpassed departmental KPIs and delivery margins; automated MIS reporting reduced manual turnaround time and improved data accuracy for leadership decision-making.

Operation Executive | December 2021 – February 2025

- Managed end-to-end client and internal communications, coordinating with production teams to deliver project files on time against shifting priorities.
 - Ran end-to-end digital production workflows — page proofing, content processing, and quality control — ensuring on-time submission of all deliverables.
 - Performed quality checks on production artifacts and escalated critical issues to senior leadership for rapid resolution.
- Impact:** Strengthened on-time delivery rates and reduced downstream quality issues by catching production gaps early, laying the operational foundation for promotion within 3 years.
